Subject: FW: [EXTERNAL] Annie Hill request

Meghan,

Since Greg is out of the office through August 6, 2018, I am assisting him with the Annie Hill request. Here is the information requested with Hilcorp's responses. Please let us know if you have any additional questions.

- When last we spoke in June you mentioned sending a FLIR video (if you could get it to work) of the fuel scrubber; I have attached the video, hopefully you will be able to view it as well. The video is fairly short so I asked Scott Hibbler (our OOOOa inspector) if he had documented this item in his report. He said that unless the item was a leaker during his survey it was not noted. The only verbiage is a hand written note in his log book in the attachment named 'PSVs' (See attached e-mail)
- Pressure setting for the Enardo valve off of the two condensate tanks for Annie Hill : Set @ 4 OZ (The VRU is set to start at 3" H2O Column, which is 1.73 oz., well below the Enardo valve set point)
- Copies of Annie Hill's August and September 2017 monthly inspections records/reports along with the annual inspection reports for calendar years 2016 and 2017. Aug and Sep 2017 Monthly Olfactory, Visual and Audible inspection documentation are attached. This is done as part of the monthly SPCC reports. Note that the packing leak noted on the Aug 2017 inspection sheet was resolved. The 2016 and 2017 annual Fugitive Emissions Monitoring survey reports are attached.

Thank you,

Jeanine,

Please see the email below from Megan Arias with the EPA.

I will try to get Ms. Arias what I can asap. I will be in New Orleans next week then vacation the following week. I may have to touch base with you pertaining to some of her requests.

Thanks!

Subject: [EXTERNAL] Annie Hill request

Greg,

I hope everything is going well. I am requesting the following information:

- When last we spoke in June you mentioned sending a FLIR video (if you could get it to work) of the fuel scrubber;
- Pressure setting for the Ernardo valve off of the two condensate tanks for Annie Hill and;
- Copies of Annie Hill's August and September 2017 monthly inspections records/reports along with the annual inspection reports for calendar years 2016 and 2017.

Please forward via email the above-referenced requested inspection records/reports on or before Wednesday, August 1st. I would also appreciate the FLIR video and pressure setting as soon as possible.

Thanks for your cooperation!
